

The Floor Mount Stand-Up is a vertical bike parking & security system designed by Function First Bike Security. It is an easy to use vertical bike rack, that can be configured to fit almost any space. This vertical bike rack does not require lifting of the bike. Simply stand the bike up on its back tire, put the back wheel against the wheel block, hook the front wheel at the top and the bike will fall securely in place.

This vertical bike rack is available in several variations, Wall Mount, Floor Mount, and Vertical Flow (5 Bikes) and is U-Lock compatible.
